

Preventing Slips, Trips and Falls

Use handrails

Preventing Slips, Trips and Falls is a task that depends on many factors. One of the most important is YOU. You might not be able to change many aspects of your work place, however, you can recognize the dangers, work to eliminate the hazards and use safety devices and common sense. Falls aren't funny, so lets work to preventing them.

Clean up spills right away

Be cautious on wet or smooth surfaces

Look out
